LETTER

Honorable Commissioner of Patents  
and Trademarks  
Washington, DC 20231

Sir:

In a paper mailed July 18, 2002, the Examiner supplied applicant's attorney with an interview summary included a "substance of interview" statement which is accurate. There is further indicated that "applicant is given one month from this interview date to file a statement of the substance of the interview."

In answer thereto, an amendment placing the case in compliance was filed on June 26, 2002. Attached to that amendment was a petition requesting withdraw of the original notice of Non-Compliant Amendment stating the reasons therefore which were discussed with the Examiner in the interview of the same date. Accordingly, it is requested that that petition be treated as a statement of the substance of the interview.

Applicant considers this case in consideration for allowance and favorable disposition of applicant's petition is also requested.
